1. Publish My words. Need I spoon feed the immature with My words that have your name taken out that distract them? Are they overcomers? Can they read? Can they see? Can they not see Me in My words and their name where I have your name—called so many, many times—because Ted, you love your name to be called—of Me—as I do Ted, My name, of you.

2. Why should I want personal references to you deleted from My words to you? I don't Ted, I don't. I want people, people everywhere, My body, My body everywhere, to know how I speak and understand My great and deep desire to speak to all My body in specifics and personal instructions.

3. I desire to teach My people at My knee, for when they posture themselves before Me at My knee, their heart is so open, so open, and so close to Me—regardless of where they sit, lie, or stand—as they sit at My knee.

4. Oh Ted, I am there. I am not a god afar off. I am there, there, there. And I so want to be able to speak with My people like I've spoken to so many in the past, who would let Me, but so few would write My words, and fewer would stand up and say these are My words, the words of the Living Christ.

5. Ted, My people need role models, pictures, portraits, living pictures, living portraits, of how I am with My Mine who let Me be the tender, loving, Man of Sorrows, acquainted with grief, who yet loves and laughs and speaks, speaks, speaks, and Ted, listens, listens, listens.

6. I am a listener and I am a speaker.
I listen and I speak, and I want My body to know their Father in intimacy that so transcends the momentary presses of needs and wants and urgency in your world.

7. The more they know Me the more they know what I've done for them, and how I relationship My body with My body. And Ted, I am relationshipping My body like never before. Over and over I have said this, repeatedly and over and over and repeatedly will I say it, and Ted, display it, again.

8. I am maturing My bride and My bride who will not mature, but seek her own comfort and praise of man and complacent be, will miss Me, will miss the gloriousness they could have shared in so easily, so easily. So beckonly do I call, invite, request, suggest, and at times, blare, shout, command, and yet so many, so many, so many love praise, love complacency, and refuse to yield to My tug on their heart to walk off their map, as you did—as you'll teach many to do, in Me, to experience My chambers and My big world and My relationshipping them to expand and mature them and skill-equip them, to be ever more powerful, in Me.

9. Delete not the references to you and your family and your friends. Delete not the words I give you describing your frailties and defeats, nor your victories and your joys.

Delete Me not from what I give you. I've told you and I'm re-telling you for so many want only what they want, their way, and refuse to let Me be and do and say and exemplify Myself and My Mine as I choose to do, with any given person, any given seeker, at any given time, of Mine.

Do I delete your references to Me in what I receive, or what I will write of you? No Ted.

I will be personal and get ever more so, for you gave yourself wholly to Me, and open book you are and more so will become. You are so imperfect yet given to Me you are, and you shy not at whatever I command, whatever I instruct, whatever I whisper.

10. Imperfect you are and imperfect you will be. Do I use imperfect people? Ted, was David perfect? Was Noah perfect? Was Moses perfect? Where are the perfect Ted? Where are the perfect?

11. Ted, I use the surrendered, the surrendered, the surrendered who come to Me and let Me be Me, and they come, they come, they come and see, and listen, and sit at My knee. They bring Me into their lives, day by day, moment by moment, circumstance by circumstance, relationship by relationship, all, of their choosing.

And Ted, the more they bring Me into their world, the more I bring them into My world. And Ted, My big world is bigger, better, and has more joy and laughter than their world.

12. Your provision is provided. Think not for a moment I have forgotten any statement of love, affirmation, direction, or correction, to you. Think not I have forgotten any statement of affirmation that I've spoken to you about Me being your provision. I am God. I am God Most High. I am Me. I have no dependence on money or mammon or spirits of control. I choose to operate through My body and connect and relationship and do things like I like to do things. Be at peace, My peace, all is well.

13. You wonder and ponder many things I've told you. Oh Ted, please enjoy Me and enjoy the ride into My big adventure, and scared, don't be. Be transparent, open, loving and laughing—such power and confidence come through a good laugh—based on goodness and purity.

14. Laugh, laugh, laugh. Sparkle for Me Ted. Sparkle all those around you and enjoy sparkling, and Ted, enjoy their sparkle, and pull their sparkle up and out and polish it always, for Me, for them, for all of us.

15. You want to know your target audience Ted? Isn't that what you were asked yesterday, so blatantly? Oh Ted, I will answer your questions—so many of your questions.

16. Who is your target audience Ted? Your target audience is—Me. I am your target and I am your audience and I am your target audience. And I choose to do what I choose to do with Me and Mine and those who come to Me in humility, allowing Me to do all I want to do in and with them, and won't limit Me and put boundaries on Me or themselves, and open book themselves to Me and Mine, and withhold nothing, nothing, nothing. Oh Ted, I will take and I will mature and I will expand and fling Myself through them in My words and My power and I will be doing what I so want to do with so many, so many, so many—all.

That's why you're so powerful Ted, you are playing for an audience of Me, Me—and I'm the one, one, one, who matters most.

17. Oh Ted, you don't look powerful, you don't act powerful, you wonder about all your outward circumstances and appearances, but Ted, they are nothing, nothing, nothing—they change with a slight breeze from My breath, and less.

18. The heart, your heart, your love, your quest to know Me intimately, your intense passion to please Me, walk with Me, and hear My voice and understand experientially My New and Living Covenant, and take and teach Me and all I am to all you can—oh Ted, is your heart not priceless to Me?

19. Walk My son—walk, walk tall and concerned not be with your cars, your cashless wallet, your thought-lack, your concerns of others cast on you of their paradigms—
Only Me, only Me, only Me—
Only Me, only Me—
Me Ted.
I am.
I am your father and I provide.
Did I not let the birds outside your window know of the seed there—whether by scent, sight or instinct?

20. Oh Ted, I am the great Communicator, the great Facilitator, the great Connector. I am the great Provider. I am. I am your healer. I am The Healer.

21. I will say many things many times to you—for you, for you, for all those around you and beside you and before you and behind you. See them before you for they come, they come, they come from all four corners of the earth Ted. They come at My beckoning, and I take them to you and I take you to them—lightspeed, lightspeed, lightspeed.

22. I bless Gary. I bless Mike. I bless Nancy. I bless Nancy. I bless Gary and Sandy. I bless Derrick and Diana. I bless Mary Lu, Ann and Angela, and Ted, every person who has helped you. I bless them. I bless them. I bless them in Me. I bless DeLayne and Tim and Stephen. I bless them all. Thankful be for them and My blessing on them more.

23. Hear Me and write My words.
Publish them and pleased be.
Publishers come, media comes, I come.

24. Teach My words.
25. Bless Kevin Cooke.
26. Ronnie Koh—not forget—do what I have spoken.

27. Pioneer, adventure.
Pioneer, adventure forth, love and laugh.
Enjoy Me and Ted, see Me in every person,
Every phone call, every email,
Look for Me—see Me.
Expand My time and space in their world
So I can give them Mine.

28. I love you. Enjoy Don and tell him thank you. A giant he is, Don, Don, Don Eland—a family blessed of Me—a lineage great.

29. Move forward. To NY go soon. Enjoy Virginia and Regent and see Me and what I have done for you.

30. I thank you.

31. Pens and paper, skill and motivation, wisdom and maturity—
Put into My people, My body—all My body.

Pens and paper, skill and motivation, wisdom and maturity—
Ted, bread and wine.

I thank you. I thank you. I thank you.
